TEXT TO 911 FACT SHEET

What is Text to 911?

Text to 911 allows a person to send a text message (SMS) from a mobile device to 911 instead of placing a phone call. To text to 911, simply enter the numbers "911" in the "To" or "Recipient" field, type a brief but detailed message that includes location and type of the emergency, and press "Send." (Be sure to type only the numbers "911" in the "To" field; do not include any punctuation.)

Service in Franklin County Begins January 14, 2019

Effective Monday, January 14, 2019, Franklin County's Emergency Communications Centers will have the capability to receive text to 911

messages. People in Franklin County and all of its incorporated cities/towns/villages/townships may begin sending text messages to 911 when appropriate. Individuals with questions regarding their carrier's text to 911 capabilities should contact their service providers directly for information.

Call If You Can, Text If You Can't

Contact 911 only in a fire, medical or police emergency. Public safety officials encourage you to think of text to 911 as a last resort, not the normal process for contacting 911 during an emergency. In other words: "Call if you can. Text if you can't." Calls to 911 are preferred because they are typically more efficient during an emergency.

Know When to Text to 911:

1. If you are deaf, hard of hearing or have a speech disability.
2. If you cannot speak due to an injury or medical condition.
3. If you are in a threatening situation and a voice call could increase the threat.
4. If you cannot make a call because your mobile phone reception is poor.

Text to 911 Capability Outside Franklin County

- As of January 2019, the only other jurisdiction currently using text to 911 in central Ohio is Delaware County.
- If text to 911 service is not available where you are located, you should receive a message from the wireless carrier stating that text to 911 is not available. Instead, place a voice call to 911; or if you are hearing impaired text Ohio Relay (711) to connect to 911.

911 Dispatch in Franklin County

Franklin County's Emergency Communications Centers dispatch all calls within the county and within the incorporated cities/towns/villages/townships. All dispatchers have been trained to process text to 911 incidents.

Dispatching to Neighboring Jurisdictions Without Text to 911

From time to time, Franklin County dispatchers may have to transfer a connection to a neighboring jurisdiction that does not have text to 911 capability. In this instance, the Franklin County dispatcher will have to stay on the line as the intermediary between the neighboring dispatch and the person who sent the emergency text. This situation may result in a delay of communication between the dispatcher and the caller needing assistance.

Do Not Text and Drive

Texting while driving is not safe. If you need to text 911 while in a vehicle, be sure you have securely parked your vehicle off the roadway. Page 2 of 2 March 2016

Text to 911 in Languages Other Than English

Translation services are not available at this time; therefore, any text to 911 call placed in Franklin County should be in English.

Facts About Text to 911

- The location information accompanying a text to 911 is not equal to wireless voice call location technology. Remember: call if you can, text if you can't.
- As with all text messages, 911 text messages can take longer to receive, may be delivered out of order, or may not be received at all.
- Text to 911 is not available if you are in a "roaming" situation.
- A text or data plan is required to place a text to 911. Standard text messaging charges apply.
- Photos and videos cannot be sent to 911 at this time.
- Text to 911 cannot include more than one person. Do not copy anyone on your emergency text to 911. Wait until you are safe to notify others of your situation.
- Once received, a person who sends a text to 911 will receive a response from the 911 call center.
- Only text 911 in a fire, medical or police emergency. People who send prank texts can be identified and possibly prosecuted according to local laws/regulations.

Text to 911 Public Information Campaign

- The Franklin County 911 Planning Committee will coordinate text to 911 public information campaign activities. Subject matter experts include representatives from the central Ohio Public Safety Communication Center managers, Public Information officers and local media.
- The public awareness and educational campaign will include a news release, media coordination, social media, Alert Franklin County text alerts, the Franklin County Website, print materials, and internal communication efforts for staff awareness. The county also recommends that elected officials and other partner stakeholders amplify the message through their communication channels, including newsletters and social media.
