FOR IMMEDIATE RELEASE

Clerk of Courts Hires Office's First Chief Information Officer

Jason Sankey recently accepted the position of Chief Information Officer, the first CIO for the Franklin County Clerk of Courts' Information Technology division. Prior to his February 2, 2015 appointment, Jason spent more than 14 years in executive positions both in the public and private sectors. His most recent position was with the county's Data Center, where he was Director of Program Management. During his years at Citigroup North America, Jason was a senior project leader within the operations and technology disciplines.

"I am delighted that Jason joined our professional senior staff. I am confident that he will bring a realistic approach to advancing our IT office and technology by integrating vision with infrastructure at the same time supporting our overall mission," said Franklin County Clerk of Courts Maryellen O'Shaughnessy.

Jason earned his Bachelor degree in Natural and Behavioral Sciences with a concentration in Chemistry from Ohio University in 1997. He received a Certified Project Management Professional (PMP) designation from the Project Management Institute and holds a Financial Industry Regulatory Authority (FINRA) Series 7 license.

#

The Franklin County Clerk of Courts' functions include: receiving, receipting, managing and retaining all legal documents filed through the Court of Common Pleas; processing vehicular titles; processing U.S. Passport applications; and, recording notaries public's commissions. Staff goals are to be courteous, timely, and accurate in their daily responsibilities.
